Structure:

This vehicle is not related to the 2-series coupe or convertible. Developed on a new modular platform for front-wheel drive the Active Tourer features a high percentage of HSS and UHSS multi-phase materials for rigidity and strength, with tailored blanks supplied by Benteler. The bonnet is of aluminium.

Dimensions are 4342mm length, 1800mm width and 1555mm in height. Wheelbase is 2670mm.

Technology :

The Active Tourer features a tailgate with Comfort Access where the vehicle will recognise a wave of the driver's foot below the rear bumper and open automatically for ease if the user is loaded with shopping etc. The rear seats slide back and forth, altering the backrest angle and increasing/decreasing luggage compartment space. The luggage compartment also features remote switches to release the two rear seat back rests.

The BMW Head-Up Display is available, projecting driving information onto a screen in full colour in the driver's line of sight. The projected brightness automatically adjusts to the ambient lighting conditions for maximum visibility. This is an option available with the BMW Navigation Plus package (£2095).

The camera-based City Collision Mitigation (AEB system) is standard on all models, as are 6 SRS airbags: driver, front passenger, front seat/thorax, and curtain airbags. Dynamic Stability Control is standard too.

BMW 2 series Active Tourer

Trim levels : SE, Sport, Luxury, M Sport

Standard specification for all models (SE) includes dual-zone air conditioning, automatic tailgate, rain sensing wipers, auto headlamps and rear part distance control. 16" Alloy wheels and front fog lamps are standard.

Sport models can be identified by 17" 'Star' alloy wheels and front seats, high-gloss Black trims and Sport-specific exterior trims. The kidney grille features 10 high-gloss black slats.

Luxury models have 17" alloy wheels and 'chromeline' exterior trims including a chrome rear bumper trim. The interior receives wood finishing trim and Dakota leather upholstery. The grille features vertical chrome slats.

M-Sport (from November 2014) features 18" alloy wheels, Dakota leather and high gloss 'shadowline' exterior trim. An M Sport styling pack is applied, together with the M Sport suspension.

The Estoril Blue body colour is available as an option at £550.

xDrive all-wheel drive is available.

The Technology package includes the Comfort Access items, a reversing camera and Adaptive LED headlamps.

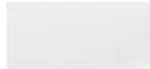

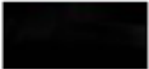

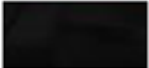

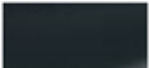

The Driver Comfort package includes Cruise Control with brake function, Park Assist with front and rear park distance sensors and the extended interior light package.

Paint colours:

Interior trim is in Anthracite Grey cloth as standard. Canberra Beige or Dakota Black leather is available as an option (£1150). This is finished with silver facia and door finisher trims as standard, with Finition wood (£290), brushed aluminium (£220) or high gloss black (£110) options.

	Alpine White		Jet Black		Imperial Blue Xirallic £550
	Glacier Silver £550		Black Sapphire £550		Sparkling Brown £550
	Platinum Silver £550		Atlantic Grey £550		Flamenco Red £550
			Mediterranean Blue £550		

Powertrains :

Brake Energy Regeneration also features, with the generator utilising the kinetic energy when the car is not accelerating to produce electrical energy. This results in the alternator only operating 'on demand' which improves overall engine efficiency.

218i - 1499cc - 138bhp (100 Kw) 3-cylinder twin-turbo petrol engine, with 6-speed manual transmission or 6-speed automatic transmission (£1550).

218d - 1995cc - 152bhp (110 Kw) 4-cylinder diesel engine with 6-speed manual transmission or 8-speed automatic transmission (£1550) or 8-speed Sport Automatic transmission (£1685).

225i - 1998cc, 170bhp (231 Kw), 4-cylinder petrol engine, with 8-speed automatic transmission. Also with xDrive four-wheel drive (from November 2014).
